Subject: Intent to retire

This letter is to inform the above that I will be retiring at the end of this current school year- in June 2022. I understand this letter in writing assures me of the reimbursement of my sick days accumulated per contractual agreement.

It has been a pleasure to work in Colchester for these 23 years. In my 44 years of teaching, this has been by far the most challenging, hence, the most rewarding, of my career. I am so very thankful.

Sincerely,
Linda Kurczy
